# 16<sup>th</sup> Annual **WOMEN CARDIAC CARE** 2024.

23<sup>rd</sup> & 24<sup>th</sup> March 2024

Novotel Hotel, Visakhapatnam.

Academic Partners

**Dear Colleagues,**

We welcome you to the '16th WOMEN CARDIAC CARE (WCC) 2024', the annual conference organized by the Women in Cardiology and Related Sciences (WINCARS) Association on Saturday, 23rd and 24th March 2024 at the Novotel Hotel in Visakhapatnam.

WCC is one of the largest and the leading Interventional Cardiology conferences of the Asia Pacific Region for Women. Since its inception in 2007, WCC has grown year after year. More than 500 cardiologists from in and outside the country will attend this meeting. The educational content, live transmissions, renowned national and international faculty participation, and academic integration of regional thought leaders have been the strengths of this meeting. WCC has been collaborating with many international organizations, like Women as One. All interventional cardiologists in this region have appreciated this.

In our endeavor to "Revolutionize Women Interventional Cardiology in the Region", the course directors and scientific committee are putting together a stimulating and exhaustive program. We will have live case transmissions from International and National Institutions and complex case presentations covering various topics of interest. Our primary care and secondary care physicians and cardiologists who participate in the care of many of these patients will be updated through the advancement of knowledge and evidence-based guidelines through a special track. Acute MI care and empowering all stakeholders will be a very important additional forum. Hands-on training, simulation courses, and 'Meet the Experts', and 'Learn from the Masters' sessions will provide value to the upcoming interventional cardiologists.

WCC 2024 will provide one of the biggest opportunities for learning, interaction, networking, and innovation between clinicians, allied health professionals, and the device & drug industry.

**Dear Esteemed Colleagues,**

As the founder of WINCARS (Women in Cardiology and Related Sciences), it is my honor to extend a warm invitation to you for the upcoming 16th Annual Women in Cardiac Care (WCC) Conference.

The WCC Conference has always been a significant event for our community, providing a platform for women in cardiac care to come together, share experiences, exchange knowledge, and foster professional growth. This year's conference in Visakhapatnam promises to be no exception, with engaging sessions, thought-provoking discussions, and ample networking opportunities.

Your participation is crucial in making this event a success. Your wealth of experience, expertise, and unique perspectives in the field of cardiology will undoubtedly enrich the conference proceedings and contribute to its overall impact. I encourage you to attend and actively engage in the various sessions, panel discussions, and workshops planned for the conference.

Together, let us seize this opportunity to learn from each other, inspire one another, and collectively advance our field. Your presence will not only enhance the conference experience but also strengthen our community of women in cardiac care.

Thank you for your continued support and dedication to our shared mission. I eagerly anticipate welcoming you to the 16th Annual WCC Conference in Visakhapatnam and celebrating our collective achievements in advancing women in cardiology.

**Warm Regards,**

**Dr Jyotsna Maddury**  
**Founder, WINCARS**

**Chief Patron WCC 2024**

## Dear Esteemed Colleagues and Distinguished Guests,

I extend a warm welcome to each of you as the President of the WINCARS Association for the upcoming Women Cardiac Care Conference (WCC) 2024. It is an honor to address this gathering of accomplished women cardiologists who have continually propelled our field to new heights.

Following the resounding success of WCC 2023 in Indore, I am thrilled to announce that we are gearing up for yet another enriching experience at WCC 2024 Vishakhapatnam.

WCC 2023 was a testament to the dedication and expertise of women in cardiology and allied sciences. The exchange of knowledge, vibrant discussions, and the collaborative spirit showcased at the event were truly inspiring. Now, as we set our sights on WCC 2024, I am confident that this conference will surpass all expectations, offering an even greater platform for sharing insights and fostering professional connections. Your presence and active participation will actively contribute to shaping the future of women's cardiac health and advancing cardiovascular medicine.

I encourage you to mark your calendars for March 23 and 24, as Visakhapatnam awaits us with its picturesque landscapes and vibrant culture. Let us continue the legacy of WCC, making this conference an invaluable experience for each participant.

Thank you for your dedication, passion, and commitment in advancing the field of cardiology. I eagerly anticipate your participation in WCC 2024, where together, we will create a lasting impact on women's cardiac care.

**Warm Regards,**

**Dr. Sarita Rao  
President,  
WINCARS Association**

**Dear Esteemed Colleagues,**

It brings me immense pleasure to announce the upcoming Women Cardiac Care WCC 2024, organized by WINCARS (Women in Cardiology and Related Sciences) Association. Set to take place on March 23rd and 24th, this event marks a significant milestone in our collective journey towards advancing cardiac care and empowering women in the field.

Over the past decade, WINCARS has grown exponentially, elevating not only our stature but also our commitment to fostering cardiovascular health and championing women's contributions in the field. As we continue to expand indefinitely, our efforts have reached national and international platforms through robust collaborations and partnerships.

The responsibility we carry is two-fold. On one hand, we uplift cardiologists across the country, providing them with a strong platform to showcase their expertise and advancements. On the other hand, we shoulder the responsibility of fostering cohesion and coordination within our organization, ensuring that we work in unison towards our common goal.

In the spirit of collaboration and progress, I invite you to join us at WCC 2024, where we will delve into the latest developments, exchange insights, and forge meaningful connections. Together, let us reaffirm our commitment to advancing women's cardiac care and shaping the future of cardiovascular medicine.

I congratulate Dr Sujatha Vippera for her exemplary dedication and tireless efforts to the cause of WCC 2024.

Looking forward to your participation and contribution towards making WCC 2024 a resounding success.

**Warm Regards,**

**Dr. Shilpa Takkar Chhabra**  
**Professor of Cardiology**  
**Dayanand Medical College & Hospital**  
**Director ,WINCARS Association**

**Dear colleagues,**

On behalf of WINCARS, I am delighted to extend a cordial invitation to each of you to participate in the upcoming 16th Women in Cardiac Care(WCC 2024). As the organizing secretary of this prestigious event, I look forward to your esteemed presence at this gathering of distinguished experts in the field of cardiology

WINCARS is growing from strength to strength and its annual conference is now featured amongst the top conferences of cardiologists. This year we have partnered with Women as one to propel thus establishing our international presence.

The conference features live and live in-box cases, lively debates, and lectures by national and international faculty. The conference also features research papers under the Prajwallika scheme and case submissions. This is a unique opportunity for upcoming cardiologists to present their, work and actively collaborate in a friendly atmosphere furthering their academic careers.

We encourage you to seize this occasion to share your expertise and engage in listening to diverse perspectives and advances presented by renowned national and international faculty. By fostering an environment of open dialogue and knowledge exchange, the conference strives to enhance patient care and cardiovascular outcomes, especially in women. I welcome all of you to the picturesque city of Visakhapatnam.

**Warm Regards,**

**Dr. Sujatha Vipperla  
Organizing secretary, WCC 2024  
Chairperson, WINCARS Association**
